1. OVERVIEW OF EBID

The ECOWAS Bank for Investment and Development (EBID), the financial arm of ECOWAS, is an international financial institution covering the fifteen (15) member States of the Economic Community of West African States (ECOWAS): Benin, Burkina Faso, Cape Verde, Ivory Coast, Gambia, Ghana, Guinea, Guinea-Bissau, Liberia, Mali, Niger, Nigeria, Senegal, Sierra Leone, and Togo. EBID was founded following the restructuring of the ECOWAS Cooperation, Compensation and Development Fund (ECOWAS Fund) into a regional holding company called EBID with two (2) subsidiaries, as decided at the twenty-second session of the Authority of Heads of State and Government held in December 1999.

By decision A/DEC.3/06/06 dated 14 June 2006, the ECOWAS Authority of Heads of State and Government reorganised the holding company into a single entity, absorbing the two subsidiaries, ERIB and ERDF. The new entity has two operational windows, one dedicated to the private sector and the other to the public.

EBID's vision is to be the leading regional investment and development finance institution in West Africa and an effective instrument for fighting poverty, creating wealth, and promoting employment for the well-being of the people in the region.

Its mission is to help create the conditions for the emergence of an economically strong, industrialised, prosperous West Africa that is fully integrated both internally and with the world economic system, in order to take advantage of the opportunities offered by globalisation.

Thus, as part of the implementation of its strategic plan 2021-2025, the Bank is firmly committed to supporting the structural transformation of the economies of the member countries of the community through the granting of innovative financing, to significantly reduce poverty and boost economic growth.

The overarching objective of this consultancy is to conduct a thorough staff and skills audit at the ECOWAS Bank for Investment and Development (EBID).
